

NEWS FROM CAPITAL

Issued by Alberta Publicity Commission, Edmonton.

Good prospects for exportation of Alberta livestock to Japan now exist as a result of the visit of Captain T. Kawakami of Yokohama, who has spent the past month looking into conditions in this province. Following the visit of H. A. Craig, deputy minister of agriculture, to the Orient two years ago and the trial shipment of stock sent over at that time, the extensive interests in Japan which Captain Kawakami represents are interested in the importation of live cattle for slaughter and beef and dairy cattle, horses and swine for breeding purposes, on a scale which will greatly increase the volume of Alberta's trade with the far East, it is planned at present to contemplate materialize.

A large shipment of salmon trout from Lake Athabasca to Chicago recently indicates a forward step in the development of the province's fishery. Lake Athabasca Fisheries Ltd., has gone into the business of supplying the large market of the United States with the popular product of Alberta lakes. A large plant and ice house with dwelling accommodations for fifty employees have been erected and plans are made for the further enlarging of the business as the market demands.

Fortitude head of Alberta grain finished sales shipped by P. B. Barn and Co., to Chicago recently set a new record for that market. The head of cattle during the season. These steers sold at \$14.00 per hundred pounds, exceeding the previous high price by 65 cents. Good prices of the American markets have attracted large shipments of cattle from the western provinces during the past few months.

The Alberta Hospital Association and the Alberta Association of Registered Nurses will hold their annual joint convention in Edmonton on Nov. 21 and 22. One of the features of the meeting will be addresses delivered by Dr. MacBarnett, director of hospitals for the American College of Surgeons, who is recognized as the leading authority on hospital method on the continent.

Edmonton with other cities in the west is being investigated by the Hamilton Carhart Mills Ltd., the largest manufacturers of overalls in Canada, as a possible site for the establishment of a western factory and distributing centre, which would employ some 150 persons and have an annual output of around \$50,000.

H. W. Wood, chairman of the board of directors of the Alberta Wheat Pool, has just returned from a tour in the course of an address, that if the farmers cannot sell their own wheat satisfactorily there is still hope for agriculture in Canada.

Many contracts covering large acreages are being received by the Alberta Wheat Pool. J. J. Bowler of Calgary, who grew two and a quarter bushels of wheat on 100 acres of land in the south-eastern part of the province, has signed a contract with the Alberta Wheat Pool to sell his wheat under a pool contract.

The string of 55 Alberta Wheat Pool elevators established something of a record when they reported handling of 670,000 bushels in one day.

The annual meeting of the Alberta Wheat Pool will be held in Edmonton November 25, in Calgary. The reports for the year will be presented to the pool delegates.

Remember Walter Riddell's auction sale at his farm four miles north and three miles east of Glenora Tuesday, Nov. 11th. Read his ad in this issue.

CONSIDERATION GIVEN FOR HIS PICTURES REX TO LOCATION

The activities of Rex obviously require much direction and fine training is the natural mental reaction after seeing this wild horse perform on the screen. Fred Jackson, director and Jack Landell, trainer, never go to location without first taking over the story at great length. Jackson selects the location and Landell looks it over with Rex and studies the animal's reactions to the surroundings.

If Rex is nervous and unresponsive, he is required to perform of mountain lions or other wild animals in an assured fact, since such visitors around a group of horses or always cattle than long before the human beings know of their coming. Sometimes, by moving the location, a wild scene is changed, with the result of the scene much better. Rex is a quiet animal but a close time of day, he is any kind of a beast is a service animal. Rex is a quiet animal but a close time of day, he is any kind of a beast is a service animal. Rex is a quiet animal but a close time of day, he is any kind of a beast is a service animal.

It is a most beautiful scene, which Lindell uses to coax Rex into action. Rex is a quiet animal but a close time of day, he is any kind of a beast is a service animal. Rex is a quiet animal but a close time of day, he is any kind of a beast is a service animal. Rex is a quiet animal but a close time of day, he is any kind of a beast is a service animal.

DINNER AND LECTURE WELL ATTENDED

The Annual Thanksgiving dinner under the auspices of Ladies Circle of Gleichen United Church in the Community hall when a splendid good dinner was served. The speaker of the evening was Rev. C. A. Dickson, also on the platform. Mrs. J. A. MacArthur opened the entertainment with a musical reading which was most cordially received. Mrs. Milton Wade then gave a reading which was most cordially received.

Rev. C. A. Dickson acted as chairman and the speaker of the evening was Rev. C. A. Dickson, also on the platform. Mrs. J. A. MacArthur opened the entertainment with a musical reading which was most cordially received. Mrs. Milton Wade then gave a reading which was most cordially received.

Armistice Day at Gleichen

MONUMENT DECORATED 11 A.M.

DINNER AND DANCE NOV. 11TH

For fifteen minutes Friday morning all Gleichen places have been asked to cease all business in order that all may observe two minutes silence and ceremonies in connection with Armistice Day.

The annual decoration of the monument will take place as usual at 11 o'clock a.m. and it has been decided that the parade should be as large as possible and not confined to returned soldiers as in previous years. To this end it was decided to ask the school board to allow the school children to take part in the parade under the supervision of their teachers and that the O. C. 22nd Field Battery be asked to have the Battery take part in the parade.

That evening the returned men will enjoy a dinner, which is to be followed at 9 o'clock by a dance to which all are invited. As usual every person is expected to wear a poppy Armistice Day, which will be provided by the returned men, the proceeds to be sent to assist the crippled soldiers of the war.

2nd Annual Old Timers Ball

Preparations for the Second Annual Timers Ball is now well underway and the committee in charge are working hard to make it an even greater success than the first which all who attended voted to be one of the very best ever.

This year, while all the features that characterized last year's good time will again be produced, other new attractions will be featured that are not here to be described, but are being kept as a real surprise—so don't miss any part of the night's doings or you will regret it.

There will be the baby buffalo feed, accompanied by all the other good, old time features were accustomed to, in the good old years now gone forever—still cherished and quite producible.

Yes, and the real old time fiddlers will be on hand to play till you drop, all the old time melodies, and we bet the ones who dare to refuse to go through the intricacies of the dances of days gone by. All will have to mix thoroughly from the start of the "Grand March" until Home Sweet Home is rendered sometime the following day.

If you feel you can't mix and must have your own little clique for goodness sake stay home. But if you want to laugh and enjoy life thoroughly once more be there with "pork in your wool and your ears pinned back."

Everyone is invited from the Peace River to the boundary line—and they will all be there with bells on.

JOHN C. BUCKLEY AGAIN ENTERS WHEAT AT CHICAGO

Alberta entries will again be heavy at the Chicago Terminal Elevator, Grain Show, according to Provincial Field Crops Commissioner W. J. Stephen, and some splendid samples from this province will compete with the best from all parts of the continent.

Herman Trolle, of Wessley, winner of the world's championships in both wheat and oats at the 1926 show will again be among the exhibitors this year.

John C. Buckley, M. L. A. for Gleichen, is among a list of entries which will be remembered by many. Mr. Buckley captured for the first time the prize for Alberta at the World's Champion Prize Wheat, first taken about the year 1910. Here's hoping our friend John repeats his former winnings.

In addition to a number of prize winners in wheat, the names of several new growers appear in the list of entries received by Mr. Buckley.

Mrs. J. Penzler, who has been visiting sister Mrs. Menard for several weeks past, left Monday afternoon for her home in Tacoma, Wash.

The citizens meeting called for last night met with very poor response only about thirty attending. Mr. Beach, chairman of the Community hall committee, briefly stated that the committee was having in managing and financing the hall and stated that unless more interest was shown by the rest of the citizens they would close up the hall and ask the signers of the notes to pay up. There were no other speakers and the meeting broke up. However, a great deal of discussion is now heard and it is quite likely these drastic measures will be taken.

After enjoying quite a lengthy period of fair shrewing weather up to Saturday night, snow began to fall and covered the ground several inches deep Sunday. From then on it has snowed on and off up to last night when there was a fine coating of the "beautiful" covering the province.

OIL PRODUCERS CORP. TALK OF DRILLING AT GLEICHEN

Alan J. McLeay, vice-president and managing director of the Oil Producers Corporation of Canada Limited was in Calgary last week from Shelby.

Mr. McLeay was successful in securing the contract for the drilling of a well for the Mill City Oil Ltd. in the Kevin-Sunburst Field in Montana. The Oil Producers Corporation are now one of the best equipped drilling contracting concerns in that field and with the Mill City well, which will be spudded in towards the end of the week, the Oil Producers will have five complete outfits working in the Montana Oil Fields.

A syndicate headed by Mr. J. F. Patterson and Mr. Chas. A. Brown, millionaires mining men of Montana has been drilling for gas in the Sweetgrass Hills and to date four wells have been brought in producing in the neighborhood of 40 million feet of gas. This gas is to be piped to the town of Great Falls, a distance of one hundred miles. Work on this pipeline has already been started and it is expected that the gas supply will be in the Great Falls before the end of the present year. The Oil Producers Corporation has been drilling for gas in the Sweetgrass Hills and to date four wells have been brought in producing in the neighborhood of 40 million feet of gas.

The Oil Producers are also active in the new Syndicate Field in Montana, having recently spudded in a well for the Kananaskis Company in which they also have a large interest. On their newly acquired lease in Section 16, Township 16, Range 16, the Oil Producers have commenced the drilling of a well which was brought in recently with a production of over 100 barrels per day. On this lease there is a good well which makes the third well belonging to the Oil Producers.

The fifth outfit belonging to the Oil Producers is at present located on the property of the Deloraine Oil Co. and is being used to shoot their No. 2 well in an effort to bring in larger production. The Deloraine Oil Co. was organized in Deloraine, Manitoba.

The Oil Producers control a large amount of acreage in the vicinity of Gleichen, and a derrick has been erected on the property. It is confidently expected that drilling will be commenced here before the end of the present year.

The Calgary office of the Oil Producers Corporation is located in the Macleod Building.

ONLY A FEW OF OUR NOVEMBER PREMIUM TALE SETS LEFT. GET IN EARLY IF YOU WANT ONE. N. T. PURCELL.

The sale of home cooking and farm produce held in the Gleichen Community Hall by the Gleichen United Farm Women's Association Saturday afternoon proved a good success in every particular and will be the serving of afternoon tea.

The Call from now to Dec. 31, 1928 only 25c.

Rex as the avenging stallion! Teasing and terroring old Jake, then master him! When Pretty Polly the only human being unafraid of him! Protecting her from prying eyes while at her bath in the rock-strewn pool. Breaking down walls where she's held prisoner! Chasing her boy and his mother in the Dust Valley and avenging with feet shod with lightning—loaded with death!

Saturday Night in Gleichen Community Hall

Regimental Piping Awards Announced

First Regimental Trophy presented by S. W. Beatty, president of the Canadian Legion, to the winner of the second trophy.

A question of military status was raised by the regimental piping competition held at the Highland Gathering in September. The final decision was in the hands of the Hon. the Minister of National Defence, under whose authority the competition was held. The winner of the trophy was awarded a trophy of equivalent value as Champion Pipe Player, Canadian Militia, the trophy to be held by the contestant who wins in two successive competitions and the trophy remaining the property of the unit to which the winner belongs. Neil Sutherland received \$100.00 cash as winner, second in this competition is Pipe Major James Hamilton of the Canadian Fusiliers, London, Ontario—this being accompanied by a cash prize of \$100.00. Under this

MY TOWN

A man or woman should take great pride in the town where he lives. If he cannot because of gross blemishes take pride there is only one thing that a true man can do and that is thoughtfully and industriously work to make the town better.

The thing we have in mind is this, "There is something gravely wrong and out of joint in the life of a person who continually finds fault with the place where he lives." To put it in its simplest terms the place feeds, clothes him and gives him a home. Now that is so central in one's life that a person not loyal here is falling down in one of his major obligations.

Yet we often hear of the man who always knocks everything local. He sees no good. The people are small fry. The institutions are moss backs. The spirit is fierce. The whole place is hick. It is a poor place.

Now the easiest thing to say to a man like that is to suggest that in following out the simple logic of his thoughts he just move on. "Go some place else where things are more to your liking." But that of course would not be fair or kind. And, too, a moments thought brings out the truth of the matter to a person like that any place would soon become a place he thinks his present home to be. It is not in the place. It is in the person.

What then? Why this? Work to make your town better. Believe in it. Root for it. In simple straightforwardness bring yourself to think it is a great place and you will be surprised to find how quickly and truly it becomes a great place. The people will become to you "fine folks." The institutions will appear in the true light of simply struggling to be what they ought to be. The spirit of the place will change and the like your own improved spirit. It isn't your town, it's you. And the place will be no longer a "hick" town. It will become to you in a very fine way "my town."

Every good citizen believes truly in his own town. He takes pride in it. He works for it. He boasts it. What might not spiritlike this do for Gleichen?

THE ARMISTICE

Just nine years ago the people of the whole civilized world breathed a sigh of relief because the most destructive war in history had been ended. The cessation of warlike operations on November 11th, 1918 was an armistice that might be deemed on forty-eight hours notice. But all men knew that Germany would not renew hostilities.

For a hundred days, German armies had been yielding ground before the mighty blows of the Allies. For several months, Germany had been making overtures for peace. On October 31st, Turkey and Bulgaria had accepted armistice terms dictated by the Allies and on November 4th Austria-Hungary had followed suit. Moreover, the terms to which Germany had agreed were such as only a thoroughly beaten nation could accept.

The news of November 11th, 1918 thus told in Allied countries of victory after four years of continuous warfare and brought relaxation to the nerves tension the people had long endured. For Canadians it closed a period in which the Dominion troops had been in the forefront of successive effective attacks and had won their valor, honor and glory. The jubilation over the armistice did not obliterate the realization of the cost to humanity of the conflict. The League of Nations was born of that realization and of a desire, in the words used by Mr. Asquith in 1914, "for the substitution of force for the clash of conflicting ambitions, for the groupings an alliances and a precarious equilibrium of the great nations of Europe into a real European partnership based on the recognition of equal rights as established and enforced by common will."

POPPY DAY

There is a silence in our midst to-day—

Silence fraught with earnest prayer;
For the loved ones deemed so far away,
God's Holy Spirit bringeth near.

There are poppies in our midst to-day—

Poppies that sadly, softly, speak,
Their quivering petals fall would say
"Help for the wounded ones we seek."

There is anguish in our midst to-day—

Anguish of those who want peace;
There's a debt of honor we must pay
God grant to us that none forget.

NEWSPAPER LAW

Excerpta from Newspaper Law printed for the benefit of any reader who may have mistaken ideas regarding same:

1. A postmaster is required to give NOTICE BY LETTER (returning the paper does not answer the law), if the subscriber does not take the paper out of the office and states the reason for its not being taken, master responsible to the publisher for payment.

2. If any person orders his paper discontinued he must pay all arrears or the publisher may continue to send it until payment is made and collect the whole amount, whether the paper is taken from the office or not. There can be no legal discontinuance until payment is made.

3. Any person who takes a paper from the post office, whether directed to his name or another, or whether he has subscribed or not is responsible for payment.

4. If a subscriber orders his paper stopped at a certain time and the publisher continues to send it, the subscriber is bound to pay for it if he takes it out of the post office. This follows the sound principle that a man must pay for what he uses.

Now is the time to advertise if ever and let the folks know what you have to offer—the buyers want to know.

The travelling sales printer generally fools the public on the quality of paper he gives them.

The Call from now to Dec. 31, 1928 only 2c.

Here and There

What is considered the largest grizzly shot in the Canadian Rockies this season was taken by Miss A. Van Vleck, daughter of Ernest Van Vleck, prominent New York architect who headed a hunting party into the Rockies district. The party went in north of Revelstoke.

An amount of grain greatly in excess of the entire production of western Canada in the year 1887, 1,534,000 bushels, were shipped to elevators over Canadian Pacific lines one day in the west during the middle of October. This constituted a record haul of grain for this railway company.

The second shipment of horses from Canada to Europe, a record shipment, according to Louis G. Smith, Soviet representative, being only one horse that died during the passage and is expected to go forward in November, and this will bring the total number up to 3,000.

G. N. Torgren, ex-M.P. for Sweden, recently left for the Peace River Country in order to locate suitable farm land for the establishing of a large colony of Swedish farmers, who are said to be in a position to undertake farming on an extensive scale. He has already canvassed Mexico and the Southwestern States, which he finds unsuitable.

The new Canadian Pacific Railway elevator at Midland has been received, and shortly all the construction work will be completed and all departments of the plant in operation. The opening of this elevator marks the extension of Canadian Pacific enterprise to another port on the Great Lakes and a new factor in retaining a greater proportion of the Canadian export grain trade for Canadian ports.

The largest party of major league baseball stars to hunt moose in New Brunswick entered the woods for a two-week stay after the World Series. The party, entering at Clarendon on the Canadian Pacific main line and included Benny Bengough, Mark Koenig, Eddie Collins, Joe Bush, Sam Jones, Fred Hoffman. A number of newspaper writers, cameramen were included in the party.

The two new Canadian Pacific passenger ships, "Duchess of Atholl" and "Duchess of Bedford," now being built for the Le Havre route (Liverpool to Montreal), will be two of the finest ships afloat, according to plans and specifications. They will be 260 feet long, 26,000 tons, with a speed of 17 1/2 knots. Both ships will have accommodations for 572 men, 480 tourist third class and 608 third class passengers.

The initial commitment this year of Canadian apples for Great Britain, has gone forward. Canadian Pacific liner "Montrose" from Montreal. They are consigned to the Fruit Branch of the Dominion Department of Agriculture from the Province of Ontario and consist of forty standard boxes containing about 4,000 apples to be put on exhibition at the Imperial Fruit Show scheduled to be held at Manchester this month. Varieties include Golden Russet, McIntosh, Greening, Stark, Valmain, Sweet, Wolf River, and other varieties. On the same vessel are 25 cases of vegetables for sale in Britain in England.

H. A. BROWN, who appointment as Vice-President and General Manager of the General Motors of Canada, at the age of 37, marks him as one of the youngest higher executives in the automotive industry. Mr. Brown has been connected with the General Motors organization for a number of years, having held the position of controller at Ottawa since September, 1924. He succeeds Gordon Letford, who has been named as important post with the Oakland Motor Car Company at Pontiac, Michigan.

The Forgotten Island of Romance

1—The Settlement at Triana de Cuba. 2—The only access to the sea. 3—Canadian Pacific Express of France.

Interest on both sides of the Atlantic has recently been aroused by the traditions of the island of Triana de Cuba, the island of romance, the island of the sea. The island is located within the bounds is to be found a rich board of doubloons, medals, pieces of eight or Louis d'or. Whether this be true or not, Lambert, when found by the English, was engaged in the peaceful occupation of preparing the skins and oil of seals, with which the shores abounded. These were exchanged for provisions with any passing ships, and the true appearance to have been so lucrative, that Lambert was encouraged to issue a proclamation, inviting all the world to trade with the island. Of it Lambert declared himself the sovereign lord, "grounding" as he is claimed to have said, "my right and claim on the island and sure ground of absolute occupancy."

The continuous occupation of Triana de Cuba began, however, in 1517 when, on the withdrawal of the garrison, William Glas, of Keno, a corporal in the Royal Artillery, was at his own request left on the island with his wife and child, to keep the island in order and to keep the island in order and to keep the island in order.

In 1814, during the war with Great Britain, the island was again occupied by the British. There they found the American ship of which Jonathan Lambert, of Salem, Massachusetts, was the captain, was reported to have sailed the sea as a base. As a pirate he was ordered to form some means of occupying the island, but he refused to do so, and he was removed from the island by the British.

From the day the settlement founded by Glas was increased from three to five, the island was increased and a few settlers from Cape Town, had diminished again by the action of the more restless ones among them, the present colony of 140 souls has sprung.

The people are self-governing and self-sufficient. The men are daring sea-men and clever carpenters and masons; but there is a touch of the primitive about the picturesque bullock-carts, and the cottages built of huge blocks of stone.

Physically the island is entirely of volcanic formation. High cliffs divide the land into small and fertile valleys, the walls rising like ramparts above the sea, and which in places of over 1000 feet high, stand out amid the surrounding cliffs as a height of 1640 feet, surrounded and asymmetrical as the Peak of Tenerife. Here, in the larger crater, is a fresh-water lake, which, it is said, is never frozen. On the northwest of the island is the sole access to the sea—a narrow passage where is the only settlement.

The social life of the community is limited, and the monotony of the island has resulted in some of the oddest customs, and the customs of some of the oddest customs, and the customs of some of the oddest customs.

ALBERTA CATTLE TO COMPETE WITH EASTERN STOCK

Many good heads of Alberta cattle will again be represented this year at the Toronto Royal and Chicago International Livestock shows by strong contributions by various breeders in the province and fitted by the department of animal husbandry, University of Alberta. Included in the shipment which left during the past week for Toronto are five Aberdeen Angus steers, four Herefords and nine Shorthorns, comprising one of the best exhibits ever sent from Al-

berta to the big eastern shows. The Aberdeens Angus entries include one from the Thompson herd at Vegreville, one from Dickson and Hunter at Enfield, one from C. H. Richardson of Bowden and two bred on the University farm. Three University-bred Herefords and one from the MacEachern Ranch at Burnside make up the entries for that breed while the Shorthorns include animals from the herds of G. M. Thomas of Youngstown and W. W. Sharpe of Stettler, and four pure bred and one grade from the University herd. All of these cattle will be shown in various classes at the Toronto Royal, following which nine or ten head will go on to face heavier competition at the International

TOWN AND DISTRICT

And still the grain is pouring into the elevators.
Less than a month to the Old Timer's Second Annual Ball—Dec. 1.
You are going to the dance with the returned boys Armistice night—Everybody is.
Cher up! There is more threatening you to be done, but the Clinch can only say when.
No, Thanksgiving day was not Christmas—much as it looked that way with the snow.
Monday quite a number of our returned boys were in town looking over the bargains our advertisers are offering.
The annual sale of work given by dower's church, will be held on Saturday, December 24th, in the afternoon.
The Xmas catalogues are now beginning to arrive. The wise local merchant will now advertise what he will have to offer the young public.
The Alberta Wheat Pool terminal at Prince Rupert loaded the first cargo of wheat from the 1926 crop for Europe this week.
Construction has started on the foundation of the new \$2,400,000 Pool terminal at Vancouver. It will be ready for the 1928 crop, and will cost \$2,400,000.
Both of the Call big advertisers report a big business last week. To do big business or anything else big it is very necessary to do big things yourself first.
The annual meeting of the Meadowbrook Community Hall Assoc. will be held in Meadowbrook Hall on Friday, November 11, commencing at 2 p.m.
Miss Maxine Sutherland and Miss Gladys McDonald, of Open, at present attending Normal School in Calgary were guests of Mrs. C. R. Corcoran at the Manns for Thanksgiving.
The ladies of St. Victor's Church will put on a Sale of Home Cooking sewing, fish, pond and a wheel drive in the Gleichen Community Hall on Wednesday, November 22nd. All are invited.
Thanksgiving proved a lively day in Gleichen. The fall of the Sunday brought many threshermen into town and the streets were kept pretty lively while the farmers enjoyed a flourishing business. Most of the stores opened up to accommodate the men, but soon found the fat cheques were too large to cash and as the banks could not open up many had to wait until the following day for their money to make purchases.
Wednesday, November 16th, under the auspices of the W. M. S. B. Rev. A. Elson, B.A., B.D. and Mrs. Elson who after nearly twenty years of missionary work in West China have been forced to return to Canada owing to the revolution, will deliver addresses on their work in China. It will be a great privilege to hear these missionaries who have so recently returned from China. Everybody welcome.

THE UNITED CHURCH

REV. C. R. CORCORAN, Minister.
Sunday November 12th.
